

## **GPSC Accessible Transcript - Cindy Pan**

Hi everyone! My name is Cindy Pan, and I am a current second year in the Doctor of Physical Therapy program. Some fun facts about me are that I have a new obsession with making sourdough bread and an ongoing obsession with raising plants and reading. I would love to serve as VP of Communications as a way to give back to the Graduate student community. I enjoy reading the emails every week and learning about new opportunities to meet graduate students from diverse programs such as GPSG buddy lunch and other social programming. I hope to join the exec team and collaborate to increase connection and engagement within the graduate programs. After talking with Shannon, the current VP of Communications, I believe I have the organizational skills and passion for outreach that make me a strong candidate for this position. As secretary for my DPT class this year, I worked on a team to advocate for students as well as maintain in-person and email communication between faculty and peers. I also have experience maintaining websites while in undergrad, and I helped curate a social media campaign for Asian/American Pacific Islander Heritage Month this year. Let me know if you have any questions, and thank you for your time!
